

College Financial Decision Making

Project Title	College Financial Decision Making
Project Summary	Examine financial literacy education efforts that reduce the knowledge gap between expected and actual when paying for college
Country	United States
Agency	Education Department
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	2

Project Description

Investigate and maintain research and current practices that improve the financial capability of students preparing for and enrolling in college. Analyze the tools and resources that are promoted to help with related financial decisions such as financing school, budgeting, money management, and loan repayment. Assemble information related to current practices at institutes of higher education. Present findings to the Financial Literacy and Education Commission and prepare other collateral to demonstrate efforts by U.S. Department of Education to help students make smart financial choices when considering higher education.
